## Release 3.2 – April 8, 2002

Release notes document 3 of 3

### New Site/Region Values on Maintain Case

*WiSACWIS Release 3.2 will contain new values in the Site/Region field on the Maintain Case window. There were several duplicates, and sometimes the names were not clear, so the values have been cleaned up and hopefully will be easier to use and understand. See the picture below and the information on the following two pages.*
